1998-2001 **Eclipse Consulting** www.guidryconsulting.com
President Lake Zurich, Illinois

Provide tech support, network administration, web design, and training services for corporations, small businesses, and home users (see Guidry Consulting, Inc.).

1996-1998 **Northwestern University** www.mccormick.northwestern.edu
McCormick School Of Engineering And Applied Science Evanston, Illinois
Dean's Office Network Administration Supervisor

Managed mixed-platform environment with Windows NT, UNIX and NetWare 3.x/4.x servers and Windows 9x/NT, Macintosh, and UNIX clients. Tasks included 24/7 emergency support, design and implementation of integrated backups, routine maintenance, systems security and intruder detection. Created help desk department providing telephone, email, and in-person support, with a database-driven call tracking system and intranet web site. Supervised support personnel. Created policies, departmental support strategies, and training with custom-designed classes and related documentation. Funded by a multi-million dollar grant from Hewlett-Packard, created four 20-workstation computer labs with Windows NT mirrored servers and dedicated WAN-based backup system. Deployed servers and client workstations, provided general technical support. Member of Northwestern University IT security team NU/CERT.

1996 **ScottForesman/AddisonWesley Publishers** www.pearson.com
Technical Support Supervisor, Sales Dept. Glenview, Illinois

Managed support desk for 300+ sales personnel in remote offices nationwide, using Windows 9x and Macintosh laptops. Supervised support team. Generated procedural manuals for technicians and company-wide hardware and software standards.

1995-1996 **ScottForesman/AddisonWesley Publishers** www.pearson.com
Technical Support Specialist, Sales Dept. Glenview, Illinois

Assisted in creation of support desk for sales personnel nationwide, using Windows and Macintosh laptops. Created database system for call tracking, hardware inventory, and software licenses. Organized configuration and deployment of equipment. Provided tech support and emergency support. Developed training classes for Windows 9x and Macintosh systems. Managed NetWare-based system for custom book tracking, including beta-testing and documentation.

1994-1995 **ScottForesman/AddisonWesley Publishers** www.pearson.com
Technical And Internet Specialist, Publishing Technology Dept. Glenview, Illinois

Planned Internet connectivity solutions for Windows and Macintosh computers. Developed company-wide policies and Internet software standards. Created course curricula for IT staff and end users on dialup procedures, Internet use, email and web browsing. Provided help-desk tech support for Windows and Macintosh systems. Configured and deployed PC and Macintosh equipment.

Testimonials

“Triona Guidry has been a lifeline for our organization. From personal computers to re-routing server connections, she does it all. When we have a problem or an IT-related project, we know we can count on her to do an excellent job. Unlike many IT pros, she has great people skills, and has a level of patience, empathy and compassion rarely seen.”

– John O'Connor, Vice President
McKnight's Long-Term Care News and McKnight's Assisted Living (Haymarket Media)

“We are very impressed with the service. She... has even made house calls to ensure that we can access our information from off-site locations. Triona Guidry has gone above and beyond to ensure that our equipment and network are up to date and operating properly.”

– Kara Barnett, Asst. Product Manager
Bridgestone Industrial Products America, Inc.

“I had recently purchased a home computer... because she is so efficient, she was able to do the set up and teaching in a fraction of the time.”

– Jan Pauga, Consumer

“[M]any users and companies don't have... a Triona around.”

– eWeek Magazine
